PRESSURE SYSTEMS, INC.

Serving Arizona for 50 Years

ANNOUNCING ON-SITE REPAIR SERVICE

Mr. Bill Sommers, President of Pressure Systems, Inc. has recently announced PSI is now offering on site repair services for our pressure washing customers. Our fully stocked service trucks will also carry popular cleaning chemicals as a further convenience to our customers eliminating in-bound freight and handling charges.

The following benefits are offered to customers using our service.

- * Eliminating the need for employees to travel to obtain parts at 1646 East Jefferson Street thus saving you hours of lost time
- * Plus reduces potential liability of your customer-owned vehicle
- * Our on-site labor is reduced to \$56 per hour with labor agreement
- * We warehouse and have available parts for most if not all pressure systems
- * We carry and use only the approved parts for the repair - at the request of your manager
